Dear Friends,

In 1977, Youth Environmental Services opened its doors to the community in its mission to assist troubled children. Since that time, the agency has grown significantly, providing assistance to thousands of community members, young and old.

We all know how much has changed since then. We have been forced to face a world that is filled with new struggles and profound challenges. We have watched the very foundation upon which we have built our families and our lives be shaken and tested over and over again. But, we also have witnessed heroism, great strength, and profound faith, teaching us to hold fast to our principles and to our dreams.

YES Community Counseling Center stands strong in the community in part due to the kindness and support from others who recognize how important it is to take care of neighbors, friends and families who may need assistance. This past year has been marked by considerable accomplishments as we strive towards maintaining our mission. In total, services were delivered to 12,150 individuals. Some of the additional programs of this past year include:

- An early recovery group
- Stress Reduction / Meditation Series
- A Woman’s Issues Group
- Active Parenting Groups
- Socialization groups for adolescents

The agency purchased the property, a 5,000 square foot facility, at 75 Grand Avenue, in Massapequa with the hopes of providing continued services and expanded programs to the Farmingdale, Plainedge and the Massapequa communities.
