YES Community Counseling Center’s mission is to assist young people and adult community members in an effort to enable them to develop to their potential. The services are comprehensive and designed to respond to the complex needs of our clients and their family members.

Dear Friends,

In 1977, Youth Environmental Services opened its doors to the community in its mission to assist troubled children. Since that time, the agency has grown significantly, providing assistance to thousands of community members, young and old.

We all know how much has changed in recent years. We have been forced to face a world that is filled with new struggles and profound challenges. We have watched the very foundation upon which we have built our families and our lives be shaken and tested over and over again. But, we also have witnessed heroism, great strength, and profound faith, teaching us to hold fast to our principles and to our dreams.

YES Community Counseling Center stands strong in the community in part due to the kindness and support from others who recognize how important it is to take care of neighbors, friends and families who may need assistance. This past year has been marked by considerable accomplishments as we strive towards maintaining our mission. Some of the highlights of this past year include:

- The development of Best Practices in working with adolescents.
- Parenting for Prevention Groups.
- Parent-Child Groups.
- A Significant Other Group – for those with a loved one effected by chemical dependency.
- Sloan Awards
- Multi-Community heroin forum.
